

Will Scerbo

Web Developer

Will Scerbo

3403 Pleasant Place
Baltimore, MD 21211

410-507-7168
will.scerbo.789@gmail.com

Tools I Use:

Languages: HTML/CSS, Javascript (including JQuery, Angular, React, node), PHP, SQL

Development: Github, SVN, Docker, VS Code, AWS S3 & Amplify

Experience:

University of Maryland, Baltimore / Web Developer

NOVEMBER 2023 - PRESENT, BALTIMORE, MD

- Maintain and update multiple departmental websites, ensuring adherence to modern web standards and best practices.
- Led the rewrite of a legacy Angular.js internal dashboard, migrating to Angular 17 with a modern component-based architecture while preserving functionality.
- Administer and manage a WordPress multisite network for faculty labs, handling user access, plugin and theme updates, and content management.
- Work in a Docker-based development environment with SVN and GitHub for version control across projects.

The Oxford Group / Marketing Tech Developer

APRIL 2022 - NOVEMBER 2023, BALTIMORE, MD

- Built product order forms and sales funnels using a proprietary CMS.
- Wrote custom scripts for order form functionality and created custom styles for order forms.

Johns Hopkins University / Research Data Coordinator

AUGUST 2021 - APRIL 2022, BALTIMORE, MD

- Built participant-facing websites and edited web-based data entry systems for clinical trial data
- Performed clinical trial website maintenance and tested new site features
- Created data reports from internal databases using Python and SQL

The Agora / Web and Email Developer

SEPTEMBER 2018 - AUGUST 2021, BALTIMORE, MD

- Built static landing pages, order forms, email templates, and sales funnels
- Maintained product websites using Wordpress and Magento

Education:

Towson University / MS in Computer Science

2020 - PRESENT, TOWSON, MD

I am pursuing a part time masters degree with a plan to graduate in 2025.

Johns Hopkins University / B.S. in Applied Math & Statistics

2014-2018, BALTIMORE, MD
